Profile

A highly motivated and enthusiastic computer science student with a passion for cybersecurity, I have a strong academic background in computer science with a focus on cybersecurity. I have completed courses in network security, risk management, and programming languages such as Python and Java. Additionally, I have earned certifications. I have also participated in cybersecurity challenges and events such as CTFs, where I have gained hands-on experience identifying vulnerabilities and securing systems.

Education

Vellore Institute of Technology, B.Tech in Computer Science

Jul 2021 — Present 📍 Amaravati

Pursuing Engineering in Computer Science having average CGPA of 8.66.

Little Wonders Convent School, 12th
